Money

Tech

Health

Yours

MONEY

How a mortgage works

The bank buys the house today; you pay it back in slices.

MONEY

What inflation is

Same candy bar, smaller dollar.

TECH

What an API is

A waiter between your app and a kitchen you can't enter.

MONEY

How tariffs work

A street rule that makes the other kid's lemonade pricier.

MONEY

What a credit score is

Your reputation for paying people back, as one number.

MONEY

How the stock market works

Trading tiny slices of companies all day long.

TECH

What a VPN is

A locked box for the notes you pass around the internet.

HEALTH

What cholesterol is

Two delivery trucks in your blood — one litters, one cleans.

finally. — a prototype. Accounts & progress are saved in this browser only. Explanations aim for simple, not perfect.
